The lights in the ALBANY series are really something special! The ceiling light impresses with its angular design and the combination of several light elements. You can easily adjust the light colour and brightness to your liking using the remote control supplied. Alternatively, the brightness can also be adjusted in three stages using a conventional light switch. The integrated night light and memory function make the light an indispensable element in your home. Its elegant aluminium in coffee and warm grey adds a stylish accent to any room. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
